TANGO MINING ANNOUNCES \$200,000 PRIVATE PLACEMENT

VANCOUVER, BRITISH COLUMBIA — 25 February 2015 – Tango Mining Limited ("Tango" or the "Company") (TSXV:TGV) announces that , subject to TSX Venture Exchange approval, it has closed a private placement of 4,000,000 units at \$0.05 per Unit. Each Unit consists of one common share and one transferable share purchase warrant, with each warrant exercisable into one common share of the Company at an exercise price of \$0.10 per share, exercisable for a period of 24 months from the date of issuance.

The funds raised are for general working capital and corporate purposes.

Terry Tucker and Ian Mann, both directors of the Company subscribed for all of the 4,000,000 units of the placement and, upon completion of the placement, Mr. Tucker holds 2,275,000 common shares, representing 1.48% of the Company's issued and outstanding shares, and Mr. Mann holds 4,900,425 common shares, representing 3.19% of the Company's issued and outstanding shares. The price of the units was determined in accordance with the policies of the TSX Venture Exchange. The acquisition of units by insiders under the private placement was exempt from the formal valuation and minority approval requirements of Multilateral Instrument 61-101 pursuant to sections 5.5(a) and 5.7(a) of that instrument.

About Tango Mining Limited

Tango Mining Limited is a Canadian company that recently acquired African Star Minerals Group's ("ASM") operations in South Africa. Tango has four thermal coal, metallurgical and processing plant and engineering contracts that process 6.5 million tonnes per annum (19.5 million tonnes are contracted over next 3 years), with clientele that include Total (SA) and Glencore plc. The four projects are located within the Ogies and Highveld coalfields, Mpumalanga Province and Kliprivier coalfield, KwaZulu-Natal Province. The Company also holds a 100% interest in the Oena Project, a past producing alluvial diamond property, Northern Cape Province, South Africa and a 100% interest in the 2,088.8 ha El Santo Project, Nicaragua. El Santo is believed to host several east-west trending, low sulphidation, epithermal gold-quartz vein systems. The Company's vision is to become a diversified junior mining company with interests in precious and base metals, coal, diamond and precious stone mining projects
