

TANGO ANNOUNCES EXTENSION OF SPRINGLAKE CONTRACT

VANCOUVER, BRITISH COLUMBIA — 6 June 2016 – Tango Mining Limited (“Tango” or the “Company”) (TSXV:TGV) is pleased to announce that the Service Supply Agreement in respect of the Glencore managed Springlake Colliery Plant Operation by Kwena Springlake Projects Proprietary Limited (“KSPPL”), one of the three Kwena Group companies Tango acquired a majority interest of in October 2014, has been renewed for twelve months.

Springlake Colliery is located within the Kliprivier Coalfield, KwaZulu-Natal Province, has been in operation for over 30 years and is South Africa’s largest producer of anthracite. KSPPL operations at the colliery consist of 65 permanent employees with a target of 600,000 tonnes to be processed over the next twelve months. KSPPL is extremely proud to report there have been no lost time injuries on site for over 1035 days.

The Kwena Group have a continued development plan in place to grow the business using the successful past 18-year business model, an established market presence and its proven successful operational reputation in the coal, base and precious metal and precious stone Southern African mining sector.

About Tango Mining Limited

Tango Mining Limited is a Canadian company that primarily operates in southern Africa. Tango has completed a positive preliminary economic assessment for the past producing BK11 Kimberlite Diamond Mine, Botswana that could produce in excess of 500K carats over the life of mine and has a short timeline to re start of production. Tango agreed to acquire from Firestone Diamonds Limited its 100% right in the BK11 Mine, which agreement has not yet closed.

Tango’s Kwena Group have four thermal coal, metallurgical and processing plant and engineering contracts that process 6.5 Mt per annum, with clientele that include Exxaro and Glencore. The four projects are located within the Ogies and Highveld coalfields, Mpumalanga Province and Kliprivier coalfield, KwaZulu-Natal Province, South Africa. The Company’s vision is to become a junior mining company with a focus on diamond mining and development projects.

Forward-Looking Statement

Certain information set forth in this news release contains “forward-looking statements” and “forward-looking information” under applicable securities laws. Except for statements of historical fact, certain information contained herein constitutes forward-looking statements, which include management’s assessment of future plans and operations and are based on current internal expectations, estimates, projections, assumptions and beliefs, which may prove to be incorrect. Some of the forward-looking statements may be identified by words such as “forecasts”, “estimates”, “expects” “anticipates”, “believes”, “projects”, “plans”, “outlook”, “capacity” and similar expressions. These statements are not guarantees of future performance and undue reliance should not be placed on them.

Such forward-looking statements necessarily involve known and unknown risks and uncertainties, which may cause the Company’s actual performance and financial results in future periods to differ materially from any projections of future

performance or results expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to: statements with respect to the estimation of mineral resources; the realization of mineral resource estimates; anticipated future production, capital and operating costs; cash flows and mine life; potential size of a mineralized zone; potential expansion of mineralization; potential types of mining operations; permitting timelines; government regulation of exploration and mining operations; risks that the presence of diamond deposits mentioned nearby the Company's property are not indicative of the diamond mineralization on the Company's property, the supply and demand for, deliveries of and the level and volatility of prices of rough diamonds, risks that the actual revenues will be less than projected; risks that the target production for the existing mining contracts will be less than projected or expected; risks that production will not commence as projected due to delay or inability to receive governmental approval of the Company's acquisition or the timely completion of a NI43-101 report; technical problems; inability of management to secure sales or third party purchase contracts; currency and interest rate fluctuations; foreign exchange fluctuations and foreign operations; various events which could disrupt operations, including labor stoppages and severe weather conditions; and management's ability to anticipate and manage the foregoing factors and risks.

The forward-looking statements and information contained in this news release are based on certain assumptions regarding, among other things, future prices for coal and diamonds; future currency and exchange rates; the Company's ability to generate sufficient cash flow from operations and access capital markets to meet its future obligations; coal consumption levels; and the Company's ability to retain qualified staff and equipment in a cost-efficient manner to meet its demand. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. The reader is cautioned not to place undue reliance on forward-looking statements. The Company does not undertake to update any of the forward-looking statements contained in this news release unless required by law. The statements as to the Company's capacity to achieve revenue are no assurance that it will achieve these levels of revenue.
