

OENA DIAMOND SALES – Q2 2022 REPORT

VANCOUVER, BRITISH COLUMBIA — 22 February 2022 — Southstone Minerals Limited (“Southstone” or the “Company”) (TSX.V – SML) is pleased to provide a production and operational update for the period 1 December 2021 to 28 February 2022 (Q2 2022) on Oena Diamond Mine located in the Republic of South Africa.

Oena Diamond Mine, Republic of South Africa

Production at the Oena Diamond Mine during Q2 2022 continued with one mining contractor on site processing run of mine (“ROM”) material. Production during Q2 was reduced due to a scheduled shutdown of approximately 1 month during the holidays in December and January. Production during February 2022 totaled 76.91 carats and those diamonds are currently on tender and will be reported in Q3 when proceeds are received. One Bourevestnik (“BVX”) unit is used for diamond recovery.

	Total Carats Sold	Number of Diamonds	US \$ / carat average
Q2 2022	95.809	43	2,490

The Oena Diamond Mine continues to produce large and high-quality diamonds as summarized below.

Top 4 diamonds by value per carat sold in Q2 2022			
Diamond	Diamond Size (carats)	Sold Price US \$	US \$ / carat average
1	18.763	113'422	6'045
2	8.999	44'248	4'917
3	11.390	33'366	2'929
4	8.979	19'413	2'162

The technical disclosure in this news release has been approved by Terry L. Tucker, P.Geo., Executive Chairman of the Company and a Qualified Person as defined by National Instrument 43-101 of the Canadian Securities Administrators.

Forward-Looking Statement

Certain information set forth in this news release contains “forward-looking statements” and “forward-looking information” under applicable securities laws. Except for statements of historical fact, certain information contained herein constitutes forward-looking statements, which include management’s assessment of future plans and operations and are based on current internal expectations, estimates, projections, assumptions and beliefs, which may prove to be incorrect. Some of the forward-looking statements may be identified by words such as “forecasts”, “estimates”, “expects” “anticipates”, “believes”, “projects”, “plans”, “outlook”, “capacity” and similar expressions. These statements are not guarantees of future performance and undue reliance should not be placed on them.

Such forward-looking statements necessarily involve known and unknown risks and uncertainties, which may cause the Company’s actual performance and financial results in future periods to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to statements with respect to the estimation of mineral resources; the realization of mineral resource estimates; anticipated future production, capital and operating costs; cash flows and mine life; potential size of a mineralized zone; potential expansion of mineralization; potential types of mining operations; permitting timelines; government regulation of exploration and mining operations; risks that the presence

of diamond deposits mentioned nearby the Company's property are not indicative of the diamond mineralization on the Company's property, the supply and demand for, deliveries of and the level and volatility of prices of rough diamonds, risks that the actual revenues will be less than projected; risks that the target production for the existing mining contracts will be less than projected or expected; risks that production will not commence as projected due to delay or inability to receive governmental approval of the Company's acquisition or the timely completion of an NI43-101 report; technical problems; inability of management to secure sales or third party purchase contracts; currency and interest rate fluctuations; COVID-19; foreign exchange fluctuations and foreign operations; various events which could disrupt operations, including labor stoppages and severe weather conditions; and management's ability to anticipate and manage the foregoing factors and risks.

The forward-looking statements and information contained in this news release are based on certain assumptions regarding, among other things, future prices for coal and diamonds; future currency and exchange rates; the Company's ability to generate sufficient cash flow from operations and access capital markets to meet its future obligations; coal consumption levels; and the Company's ability to retain qualified staff and equipment in a cost-efficient manner to meet its demand. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. The reader is cautioned not to place undue reliance on forward-looking statements. The Company does not undertake to update any of the forward-looking statements contained in this news release unless required by law. The statements as to the Company's capacity to achieve revenue are no assurance that it will achieve these levels of revenue.
